

It has come to my attention that KLOVE may be replaced by some other station(s) known as LPFM. Please do not allow this. My entire family listens and enjoys KLOVE. I believe it is "Kid & family" safe. I am never afraid of what my children will hear, and as a parent, that is important to me. We listen to KLOVE at home & in the car. My children even play KLOVE on their radios at night when going to sleep. KLOVE is a big part of our life. Since KLOVE is listener supported, obviously, the public is interested in stations like KLOVE. We are financial supporters of KLOVE & do not want to see the station replaced.
